

The Green Barrier™

Patented Design & Construction

Project Profile: Eden District Council, Penrith

Detail: Green Barrier™ Hedge in Living Willow, 28mtrs x 2.5mtrs high, + security fencing.

Objective: Screening school grounds from busy main road.

Constr. Date: April 2004

The school prior to the Green Barrier™ being installed.

Willow panels laid out ready to plant once the trench is completed.

The Willow panels planted c/w an irrigation system in place.

Less than a month after planting, the Willows are producing strong new growth and screening the school well.

With acknowledgement to Eden District Council, Penrith.
